Indie Spot of the month!

Eastgate Dental Clinic

Since opening its doors for business in December 2018, Eastgate Dental Clinic has had a 100% new patient conversion rate, with almost 9 out of 10 patients volunteering to recommend this clinic to family and friends.

Eastgate Dental Clinic offers a comprehensive range of dental treatments for children, the elderly and the whole family. The practice also offers facial aesthetics – wrinkle correction treatment and dermal fillers.

Tucked away behind the High Street, the clinic looks onto the Upper High Street Car Park, making it easy to get to during your lunchbreak or after work. You could even combine a visit with a shopping trip! The practice is fully equipped with the latest in dental equipment, including x-ray facilities, as you would expect. The surgeries are bright and spacious and offer a relaxing and calming environment for patients.

So what makes this practice stand out? Dr Baljinder Singh Grewal, the Principle and Dental Surgeon, has been practicing dentistry for thirty years and is passionate about his profession. The foundation of his long-standing success has always been about putting the needs of the patient first. He takes the time to fully examine and assess a patient, explains the proposed treatment so that it is fully understood and delivers the best treatment possible, all with appointments not feeling rushed.

Eastgate Dental Clinic is presently running a promotion on tooth whitening and facial aesthetics – an amazing 30% discount until 29 June. Experience Guildford Privilege Card holders get an even better deal with 40% off!

The practice also offers Denplan, a monthly payment plan which includes six-monthly check-ups and hygienist visits as well as 10% off dental treatment.

Flexible hours appointments can be accommodated so please contact the practice if the usual opening hours don't suit.
